23. [] LIAISON Based on a note from []
[] I called Sy Shwiller, on the staff of the House Armed Services Committee, about providing a CIA witness to join with other agencies in briefing the Intelligence and Military Application of Nuclear Energy on 15 March on the aspects of a future nuclear test ban treaty. Shwiller said they were inviting ACDA, the Joint Chiefs, DOE and others. He had told [] that the request was for a briefer who could also answer questions and need not be the Director. I alerted [] NFAC/CSS.

26. [] LIAISON Sent via courier to Thomas K. Latimer, Staff Director, House Permanent Select Committee on Intelligence, a package of articles from the "world" press which were critical of, or fall-out from, the Committee's subcommittee hearings on CIA and the press (OLC 78-0917).

27. [] LIAISON Received a call from Susan, in the office of Senator Thomas F. Eagleton (D., Mo.), requesting, for a constituent, a publication entitled "The Impending Soviet Oil Crisis." She asked me to find out the correct titles of two other studies that were released on this subject also needed by the constituent. After checking with NFAC/CSS, I relayed the two correct titles and ER numbers to her; since the constituent was a professor at a university I suggested that she suggest to the professor that he try the university's library, that there's a good possibility that the university subscribes to DOCEX, if not she could obtain these publications through DOCEX at the Library of Congress for the professor.
